PHYSICAL EDUCATION, HEALTH AND RECREATION			
PEHR 1528: Rock Climbing II PEHR 1551: Intermediate Mountain Biking <i>Course Modification</i>	M: Linda Wright S: Chizu Matsubara	APPROVED	Remove prerequisite from PEHR 1528. Remove prerequisite from catalog description on PEHR 1551. Linda explained that the prerequisite was being removed from these two intermediate-level courses in order to allow students to choose the course that best fit their skill level. The prerequisites created problems because students either didn't want to take the beginning-level courses or didn't know they could have instructor permission to enroll in the higher level and finding the instructor for permission was difficult. Brenda asked if removing the prerequisites created any liability issue in the event a student wasn't really prepared for the course. Susan responded that the same liability existed with or without the prerequisite and that the instructors would not allow students to do things they were not ready to do. Safety precautions have been instituted in the climbing courses to prevent a fall from height.
PEHR 3220: Legal Foundations in Recreation & Leisure Services PEHR 3310: Leisure Behavior & Human Diversity PEHR 3430: Community & Commercial Recreation PEHR 3780: Issues & Assessment in Recreation <i>Course Modification</i>	M: Linda Wright S: Chizu Matsubara	APPROVED	Remove prerequisite. Linda explained that since these courses are not taught every semester that some students were experiencing delays and a bottleneck in scheduling their courses. The prerequisites are being removed in order to remove the sequencing of courses and allow students to take them in any order. Mark asked if it would be possible to offer the classes more often. Brenda responded that there was not sufficient enrollment to justify that. Mark noted that right now Rec Management is the most popular emphasis in Integrated Studies. Brenda said as the enrollment increases more sections and instructors will be added. Susan indicated she thought the program needed more advertising and visibility on the web site. As a matter of information, Brenda announced that some restructuring is taking place that will move the PEHR program to the School of Health Sciences because the direction of the program is a better fit with that school. The Rec Management emphasis will move with the PEHR program.
PEHR 3900: Community Recreation Program Promotion and Public Relations <i>Course Addition</i>	M: Linda Wright S: Chizu Matsubara	APPROVED	Add PEHR 3900. Linda explained that this new course would be added to the list of electives for the Rec Management emphasis. It was originally on the list of electives, but was held up. The course is now ready. Brenda asked why it was held up in the first place. Linda explained that there was a concern that it was a marketing class and Rob Snow wasn't qualified to teach it. The name of the course has been changed and the objectives clarified to address the concerns.
PEHR 4010: Administration, Management, & Finance in Recreation <i>Course Modification</i>	M: Linda Wright S: Mark Jeffreys	APPROVED	Change prerequisites and grade required on prerequisites. Linda explained that with the change in sequencing for the Rec Management emphasis, the prerequisite for this course, which is designed to come at the end, was being changed to require 12 credits rather than specific courses. The grade required on prerequisites is being changed to align with the requirements of the Integrated Studies degree program. Susan asked for clarification of what "C" meant. Mark said in Integrated Studies "C" meant 2.0 for each individual course.
NEXT MEETING			Brenda announced that the next regularly scheduled meeting on December 16 is during exam week. She asked if that was a problem for anyone, or if the date needed to be changed. Options were discussed. Susan and Chizu were going to check their exam schedules for conflict with the December 16 meeting time. If there are conflicts a different time will be set.
