Post Lesson Observation Conference

What are my area(s) of strength for this lesson?

What area(s) do I need to improve for this lesson?

Setting goals: List up to three goals for future teaching, subject matter knowledge, or teaching disposition that you would like to work on:

1.

2.

3.

Additional questions: (if time allows)

In your own words what was the main concept and overall goal of your lesson? What do you think the students knew about this concept before the lesson? How many of the students do you think learned the concept and met your overall goal? How do you think the students learned the concept? If you taught the lesson again, is there anything you might do differently?
