The DSU Placement Director is considered the second mentor for an out of area placement and will be giving the student teacher their grade. Because of this, I understand that as an out of area student teacher, it is my responsibility to keep in contact with the Dixie State University Placement Director. Each week I will report of how things are progressing. If there are any problems or concerns they must be addressed with the DSU Placement Director.

Student Teacher Signature: _____

DSU Placement Director _____
